CHRISTMAS DINNER RECIPES

### Roast Turkey

When the fowl has been well cleaned rub inside with a clean cloth. Rub all over with butter, or olive oil. Sprinkle with salt and pepper. Place on rack in roasting pan with a little water and put in hot oven. Add half cup of butter and baste every ten minutes until the fowl is about half done. Then take from the pan and fill with a dressing. To make this dressing use plenty of bread crumbs broken into fine bits, add salt, pepper, butter and gravy and one egg. Place the fowl in the baking pan and cook until done well. Add giblets, cut fine, and the gravy.

### Mock Turkey

Select two squashes of equal size and shape. Put between them enough Liberty cabbage to make it round and shaped like a turkey, with a darning needle and cord sew the two sides together, covering the kraut. Arrange in a baking dish with enough water to cover the bottom of pan, bake in a moderate oven until the meat is thoroughly tender, basting frequently. Serve garnished with dressing seasoned with country sage.
